

UX Designer by Day. Pilot by Night.

Rajin Suchdev

EXPERIENCE – 10+ Years Design, 3+ Years UX

UX Designer | Co-Op

The Library of Congress 2022–Present

- Reinvigorated the standard library catalog by designing an interactive and dynamic data visualization dashboard to replace it.
- Led and facilitated the design sprint process of a team of 5 for the Integrated Library System (ILS) redesign.
- Conducted user interviews and prototype testing with Congressional Research Service (CRS) analysts, library experts, and staff.

Product Design Intern

GameChanger Summer 2022

- Reduced organization set-up time by 25% by designing a new method to invite teams into a sports organization.
- Increased the youth sports league retention rate by conducting in-depth user research via interviews, surveys, and usability testing of prototypes.
- Performed design QA, working closely with engineers to ensure that the iOS, Android, and web products matched design specs.

UX Designer | Media Consultant | Founder

Design Ship 2017–Present

- Designed the user interface of a \$1.5 million medical device intended to reduce cognitive workload on doctors during surgery.
- Contributed to a 250% increase in robotic surgery device sales over 2 years by designing a library of marketing and onboarding materials for cutting-edge medical devices.
- Contributed to a 400% increase in users by developing an industry-leading style guide and design system that modernized a 25-year-old corporate brand identity.

Videographer

NoBull 2019–2020

- Contributed to an 80% increase in revenue by creating video marketing content that cumulatively reached over 3 million views.
- Empowered a 50% increase in weekly product launches by developing more efficient end-to-end workflow processes.
